

FORREST  
GARDENS  
CONSTRUCTION LLC

*FORREST GARDENS is an innovative design-build landscape architectural firm specializing in environmentally friendly gardens. We offer over 25 years of experience designing spaces cherished by the public including many playgrounds, parks, plazas, and community gardens in Seattle and the Puget Sound region. Strong communication and client partnerships allow us to provide unique, personal, and practical solutions. The common thread in all of our projects is a friendly, fun, creative, and collaborative approach. Our focus on natural systems and attention to detail, from design through construction, is site-sensitive and respects the beauty of a growing landscape. Forrest Gardens is based in Seattle's Ballard neighborhood.*
